HONORING STEPHAN L. WALTERS

HON. RON LEWIS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2006

Mr. LEWIS of Kentucky. Mr. Speaker, I rise today to give well-deserved recognition to Stephan Walters, an extraordinary soldier, teacher and citizen from my Congressional District.

Stephan is currently serving on active duty with the U.S. Army Reserves at Fort Knox, Kentucky. As Captain, he is responsible for training and mentoring a full brigade. He also serves as an officer for community outreach, equal opportunity, safety and soldier retention. Prior to his current assignment, Captain Walters served for three years as a member of the 3rd U.S. Infantry, also known as the Presidential Honor Guard, performing a range of ceremonial duties at the White House, Pentagon, and Arlington National Cemetery.

Captain Walters has also distinguished himself in civilian life, earning a bachelor degree in social studies and a masters degree in secondary education from the University of Kentucky, graduating from both programs with honors. Walters was a five-year member of the University of Kentucky's football team, earning numerous awards and honors for his academic and athletic achievements.

Upon graduation, he accepted a position at Jeffersontown High School in Louisville, KY teaching history and coaching football and track. In 2004, he was nominated by his colleagues for the History Teacher of the Year Award, a special honor he later received from the Kentucky Historical Society.

It is my great privilege to honor Stephan Walters today, before the entire U.S. House of Representatives, for his distinguished service to his country and his community. His unyielding sense of duty and sacrifice represent the very best of what it means to be an American soldier. His achievements as a civilian, especially his dedication to developing young minds in the classroom and on the athletic field, are further marks of personal greatness. He is a man of exemplary leadership and dedication worthy of our collective respect and appreciation.

COVER THE UNINSURED WEEK

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2006

Ms. LEE. Mr. Speaker, I rise today to join my colleagues in bringing attention to our Nation's uninsured.

As we commemorate Cover the Uninsured Week, I would like to say that it is criminal that

there are over 45 million uninsured people in this country, 8 million of them children.

For a Nation that boasts about being the wealthiest in the world and claims liberty and justice for all, the fact that we have even one person without health insurance is a contradiction and a shame.

Every single year an estimated 18,000 people die because they are uninsured and cannot get the medical care they need. 18,000 lives lost solely because we as a Nation fail to provide a basic human right to those living in this country.

And instead of addressing this crisis head on, this Administration and Republican leadership have contributed to increasing numbers of uninsured people.

Mr. Speaker, during the Bush Administration the number of uninsured has risen by 6 million people. More people are now without health insurance than at any point since the Census began collecting comparable data in 1987.

The Republicans prefer politics and profit over vulnerable people. It is obvious that consumer driven health plans and cuts to Medicaid are not the answer to this problem. Health Savings Accounts and Association Health Plans provide benefits only to those who are rich and healthy. They will do nothing to decrease the number of uninsured who are typically lower-income and have more health problems.

The increase in the number of uninsured in this country also continues to disproportionately affect racial and ethnic minorities.

Of the over 45 million uninsured, 32.7 percent are Hispanic; 19.7 percent are Black; and 16.8 percent are Asian. Furthermore, over 25 percent of the Native American population is uninsured.

Despite this devastating crisis in our Nation, we do have a solution. It is universal access to quality health care and we must demand it for our people and make it a priority of this Congress.

The United States is the only industrialized Nation that does not provide some form of universal access.

As a co-chair of the National Health Insurance Caucus, I have fought in Congress for universal access. That is why I have sponsored H.R. 3000, the Josephine Butler United States Health Insurance Act and support my colleague JOHN CONYERS' universal health care bill, H.R. 676.

The goal of our legislation is so simple—to ensure that all individuals have access, guaranteed by law, to the highest quality and most cost effective healthcare services regardless of their employment, income, or healthcare status.

While I promote universal coverage, I also support the Family Care Act, the Medicare Early Access Act, and the Small Business Health Insurance Promotion Act, 3 bills that, if enacted, would provide health insurance to half of the uninsured.

If this nation fails to take action right now, the number of uninsured will only continue to increase. Currently, national health care spending is rising by more than 7 percent per year. We all know that as health costs rise, more and more people lose their health insurance either because their employer can't afford it or they can't pay for it.

Mr. Speaker, two out of every five or 41 percent of working-age Americans with incomes between \$20,000 and \$40,000 were uninsured

for at least part of the past year. This is a dramatic and rapid increase from 2001 when just over one-quarter or 28 percent were uninsured.

In fact, only 19 percent of the uninsured are from families with no connection to the work force. That means 80 percent of the uninsured are working people. People who go to work, but cannot afford to obtain health care. We can not continue to spread the belief that employment guarantees access to health insurance.

If we don't acknowledge health care as a basic human right soon, it will be too late for some, and our societies most vulnerable will continue to suffer.

These are the Americans who are too often ignored. The uninsured have lived a campaign of survival, and deserve a voice today and every day on this floor.

These 45 million people are calling out for their government to put people before profit. They realize that access to quality health insurance or universal health care is essential in impacting health outcomes.

Over 40 percent of the uninsured have no regular source of health care and utilize emergency care due to avoiding high cost regular visits.

This situation creates an ongoing cycle of adults and children skipping the key preventive medicine steps, like routine check-ups, recommended tests, and low-cost treatments.

By ignoring preventive treatments and not addressing the sky-high health costs; we are creating sicker people.

It is a fact that the uninsured are more likely than those with insurance to be hospitalized for conditions that could have been avoided.

We are putting our uninsured in the position of choosing between dealing with an illness at its early and most treatable stage or feeding their family.

Mr. Speaker, the message we must send is that universal access to quality health care should be provided without discrimination to all.

We must make health care accessible! Make health care affordable! Make health care a guarantee!

I encourage all of my colleagues to support legislation that will put people before profit in our health care system.

PAYING TRIBUTE TO PATTY,
DANNIE AND GREG "GREASER"
BASHAW

HON. JON C. PORTER

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2006

Mr. PORTER. Mr. Speaker, I rise today to honor Patty, Danny and Greg "Greaser" Bashaw for their continued support of the Marine Corps Junior ROTC program of Basic High School in Henderson, Nevada.

The Bashaw family has long been supporters of Basic High School's Marine Corp Junior ROTC program. Several years ago, Patty and Greg became involved in the Junior ROTC program through their son, Danny, who was then enrolled. To assist in the fund raising efforts of the program, Patty and Greg had the ingenious idea of starting a car show, an idea that proved to be very successful. Their personal belief in the goals and objectives of the

program and their son, Danny, joining the Army reserve after high school has prompted the Bashaw family to continue supporting the program in such an outstanding fashion.

The Bashaw family has a distinguished record of service to their country and community. Their dedication to their country is most evident by the fact that Greg served in the Vietnam War and subsequently became an active member of the Veterans of Foreign Wars Post #3848. Their son, Danny, is currently keeping America safe by serving in Iraq.

Mr. Speaker, I am proud to honor Patty, Danny and Greg "Greaser" Bashaw for their efforts on behalf of the Basic High School Marine Junior ROTC program and their dedication to country and community. The Bashaws are truly great Americans who epitomize civic pride in their country and a willingness to give themselves to furthering the ideas of our founding fathers by volunteering to help others.

RECOGNIZING 58TH ANNIVERSARY OF ISRAEL INDEPENDENCE DAY

SPEECH OF

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 2, 2006

Mr. TOWNS. Mr. Speaker. I rise today to celebrate the fifty-eight years since the founding of the State of Israel. This momentous occasion is not only a joyous day for the people of Israel but for all who cherish freedom and democracy.

The people of the United States and the people of Israel have an ever-lasting bond made even stronger by the events of September 11th. Jewish Americans have made innumerable contributions to our nation throughout its history. Many Jewish Americans also became instrumental in the founding of Israel. These bonds have been strengthened since the events of September 11th. Together with Israel and all freedom loving nations, we will put an end to the fanaticism of terrorism and the threat it poses to the survival of not only the United States and Israel, but to other nations as well.

The need for a safe haven for Jewish people across the world is obvious. Persecution of Jews was practiced for generations throughout Europe and elsewhere. The visionaries who founded Israel established this safe haven to preserve the lives and culture of one of the great peoples and cultures on this Earth. Almost sixty years later, they are still fighting to preserve their great traditions and culture. But Israel has grown and prospered despite the relentless and mindless attacks perpetuated by the enemies of freedom. It has done so with the steadfast support of its friends in the United States and I am proud to count myself as one of these.

I want to take this opportunity to recognize the leadership of Israel's Consul General in New York, Arye Mekel, and the hard work of the Jewish Community Relations Council of New York. Arye Mekel has worked tirelessly to advocate on the behalf of the State of Israel and the Council has provided invaluable assistance to New York City as a whole and the New York Jewish Community.

Mr. Speaker, I join my colleagues in congratulating the State of Israel on its fifty-eighth

birthday and vow to work hard to ensure that the alliance between our two countries continues to grow.

CELEBRATING THE 75TH ANNIVERSARY OF ST. BERNADINE MEDICAL CENTER

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2006

Mr. LEWIS of California. Mr. Speaker, I would like today to congratulate the medical

staff and administration of the St. Bernadine Medical Center for providing 75 years of top quality medical care to the residents of San Bernardino County, California.

When local doctors and community leaders laid plans for a new hospital in 1929, they intended it to be modeled after St. Mary's Hospital in Rochester, Minnesota, home of the Mayo Clinic. Led by Dr. Philip Savage and Father Patrick Dunn of St. Bernadine Catholic Church, they approached the Sisters of Charity of the Incarnate Word in Houston, and the Sisters agreed to support a new hospital, providing a \$550,000 investment to get it started. A local fund drive brought another \$100,000, and St. Bernadine Hospital was created.

During the early years of operation in the midst of the Depression, the Sisters often would take payment for medical services in the form of fruits, nuts and chickens. The original 125 beds, five surgical rooms, operating theatre and other support facilities served the community until the 1950s, when a series of expansions began.

In the past 50 years, the medical center has grown to a 463-bed acute-care facility providing the nearly 2 million residents of San Bernardino County with some of the most advanced technologies and practices in the nation. The 1,400 employees serve thousands of patients a year, including 43,000 in the Emergency Department alone. The Five-Star maternal-child health center handles 2,600 births a year.

Most recently, the medical center has established the Inland Empire Heart Institute, which is ranked as one of the top two hospitals in Southern California for heart surgery volume. Blue Shield has designated it a Center of Excellence. The Medical Center is also rated as the best in the region for orthopedic care.

Although it is still sponsored by the Sisters of Charity, the medical center is now part of Catholic Healthcare West. From Mother Sebastian, the hospital's first administrator in 1931, to current president Steven Barron and board chairman Wilfrid Lemann, the leadership of St. Bernadine Medical Center has showed devotion to providing the very best health care for our community.

Mr. Speaker, I ask that you and my colleagues join in congratulating St. Bernadine Medical Center on their 75-year legacy of top-quality medical care, and wish the medical staff and administration further success in the years to come.
